# Children's Services

## Our Goal

Our goal is for all children who participate in our services to be able to enter school ready to learn and enjoy family life with increased social skills that will assist them in becoming successful in all areas of their lives.

Resources are available to help families provide care for their severely emotionally disturbed (SED) children in their home and in the community.

### Challenger

Community based Psycho-Social Groups to address the following goals:

1. Increasing daily problem solving skills
2. Learning and improving social skills
3. Training in leisure time skills
4. Promotion of good health
5. Enhancing personal relationship skills

#### Challenger May Be Helpful for Children Who:

- Struggle with appropriate social skills
- Exhibit emotional dysregulation
- Have difficulties staying focused or on task
- Could benefit from learning how to better communicate their needs or express themselves
- Have concerning stressors in the home domain

### Psychosocial Treatment
