

# Who is ACT for?

Criteria for selection include psychiatric disorders which severely impair functioning in the community. Impairment is likely in multiple areas:

- Inability to perform practical tasks required for basic functioning in the community for reasons related to their mental illness, and struggling to engage in traditional mental health services.
- Inability to attain and keep consistent employment.
- Inability to maintain a safe living situation.

*ACT is for clients with the most challenging and persistent problems.*

For more information on the services we provide, please visit [www.crawfordmentalhealth.org](http://www.crawfordmentalhealth.org) or call 620-231-5130

### 24-Hour Services:

If you, or your family member, are experiencing a mental health crisis please call 620-232-SAVE (7283) or 988.

## ABOUT US

Crawford County Mental Health Center offers mental health and substance use disorder treatment programs to serve adults, children, and families regardless of their ability to pay.

# What is ACT?

Assertive Community Treatment (ACT) is a proven method that offers a complete range of treatment and support services for people who have been diagnosed with a serious mental illness and require a higher level of care. ACT is a collaborative effort that involves various professionals working together to provide clients with the necessary support in their homes and communities, ultimately improving their quality of life while also reducing the likelihood of hospitalizations and incarcerations.

## ACT provides care that is...

- Personalized
- Time-unlimited
- Continuous
- Flexible
- Comprehensive
- Low staff to client ratios

For more information on the ACT program, contact the ACT Coordinator at 620-231-5130

Pittsburg, KS 66762

## What makes ACT different?

### → **Team Approach**

Nurse practitioners, mental health professionals, and employment specialists all join together to support community members with ongoing individualized care.

### → **Wraparound Care**

ACT provides wraparound care through services such as case management, therapy, nursing services, medication management, addiction counseling, as well as assistance finding housing and employment.

### → **Services provided where they are needed**

Clients receive ACT services in their homes, where they work, and in other settings in the community where support is needed for optimal quality of life.

### → **Services provided when they are needed**

ACT services are available 24 hours a day, 7 days a week. A team member is always available to handle emergencies.
