Crawford County Mental Health Center is taking applications for a full-time **Medication Assisted Treatment Nurse Coordinator**. This position is a registered nurse (RN) who coordinates and evaluates patient care through collaborative efforts with the Addictions Treatment Team including assisting the medical providers in managing the medication component of the treatment. The nurse serves as the bridge between the physical aspects of recovery and the social/emotional/psychological aspects and serves as a resource to nursing staff at all sites.

Qualifications:

- Registered Nurse (RN) with a valid license in the State of Kansas
- Minimum of 2 years' experience as a registered nurse preferred.
- Certified Addictions Registered Nurse, preferred.
- Basic Life Support (BLS)
- Experience with trauma-informed care and de-escalation techniques required

Essential Job functions:

- In collaboration with the medical providers, ensure continuity of care by overseeing implementation of the protocols and procedures in place (e.g., drug testing) in a sensitive and fully compliant manner
- Ensures patients have access to any primary and specialty medical services needed (e.g., HepC Clinic). Serves as the medical link between the patient and all providers
- Manage the distribution of any medications including refills in full compliance with state and federal laws; reviews drug registries and pharmacy logs as needed; advises medical providers of any medical needs/concerns arising during all phases of treatment.
- Coordinates and schedules all medical testing, services, or procedures for the patient; ensures continuity and comprehensiveness of care; ensures medical record is up-to-date and includes reports on out-of-clinic services based on CCMHC referral and continuity of care policies.
- Educate patients on the medical aspects of addiction in a culturally competent manner; is knowledgeable on all aspects of treatment to address patient concerns, as needed. Assists with any patient treatment agreements ensuring the patient understands all requirements and expectations.
- Collaborate with treatment team members including the social worker and peer specialist in identifying patient and family needs.
- Coordinate access to dental/oral health services as needed by patients.
- Participate in all patient care team meetings and overall nursing team meetings; supports satellite nursing staff including orienting, training, and facilitating ongoing education in substance abuse.

- Maintain availability for consultation within CCMHC and community-based providers needing support navigating available resources for medication assisted treatment and addiction treatment needs.
- Work collaboratively with Quality Assurance to support programmatic and grant reporting, as necessary.
- Other duties as assigned.

Salary and benefits package start at \$65,000. Benefits package includes participation in KPERS Retirement System, paid sick and vacation, health, dental, and life insurance.
